

Project Name: Stoughton High School

Project Location: Stoughton, MA

Project Overview

The students of Stoughton High School are attending classes in this newly constructed facility featuring state-of-the-art STEAM labs/classrooms. CiF's mobile tables provide classroom spaces that are easily configured to meet their evolving curriculum. A variety of products/materials (butcher block tops, stainless steel tops with extra large integral sinks) were incorporated into the project.

- CiF's Wood Casework
- CiF's Music Casework
- CiF's Apex Air Fume Hoods
- Case Systems' Plastic Laminate Countertops
- Durcon's Epoxy Resin Countertops
