Safety Equipment

| CAT. NO	**SA300** (Hand and Foot Control) **SA301** (Hand Control Only)	**SA310**
DESCRIPTION	**Shower and Eye Wash** • Safety station with stay-open shower valve and eye wash with stainless steel bowl and stay-open ball valve	**Wheelchair Accessible Shower and Eye Wash** • Barrier-free safety station with stay-open shower valve and eye/face wash with stainless steel bowl and stay-open ball valve
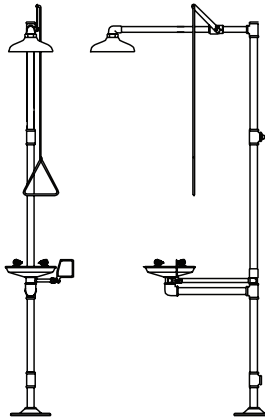

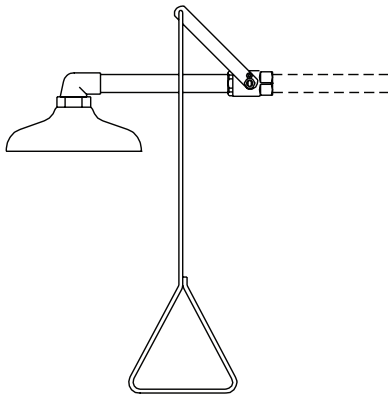

| CAT. NO	**SA320** (Shower Standard) **SA321** (Shower Barrier Free ADA)	**SA330**
DESCRIPTION	**Wall Mounted Safety Shower** • Horizontally mounter emergency shower with stay-open ball valve and pull rod	**Deck Mounted Eyewash with Pull Down Knob** • Deck mounted eye wash with two gentle spray plus spray heads, recessed stainless steel bowl and push-down activated stay-open ball valve

Safety Equipment (cont'd)
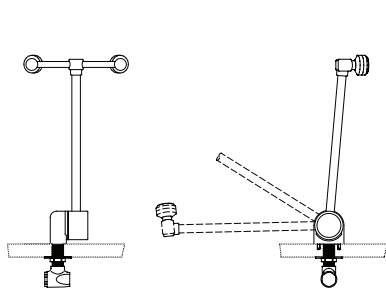

|	
CAT. NO	**SA340** (Eyewash with Auto Flow)
DESCRIPTION	**Eyewash** • Deck mounted eye wash with two gentle spray heads. Each head has a "flip top" dust cover, internal flow control and filter to remove impurities from the water flow. 90 degree swing down feature.
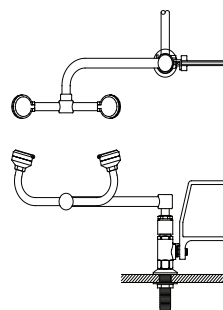

SA341 (Eyewash with Flag Handle)

Eyewash
• Deck mounted eye wash with two gentle spray stay-open valves and 90 degree swivel feature (right hand mounting)
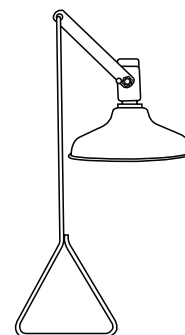

SA370

Vertically Mounted Emergency Shower
• Comes with ABS plastic shower head with stay-open shower valve and stainless steel pull rod
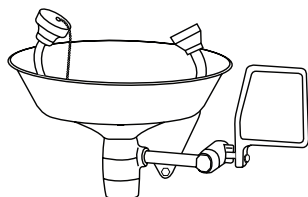

CAT. NO	**SA380**
DESCRIPTION	**Wall Mounted Eyewash** • Comes with 2 spray heads, stainless steel bowl, epoxy coated cast aluminum flag handle and stay-open ball valve
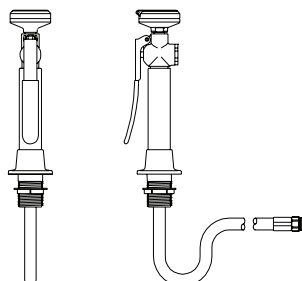

SA350

Drench Hose
• Deck mounted
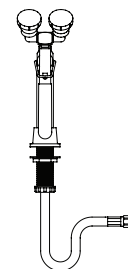

SA360

Eyewash / Drench Hose
• Deck mounted

SciMatco Safety Storage Cabinets

CAT. NO	**LSSC8051**
DESCRIPTION	**Wood Acid Cabinet**

- Painted Safety Blue, fully lined with Polypropylene
- Acid Cabinets for safer chemical storage are constructed entirely of wood, which eliminates corrosion and guarantees years of safe acid storage.
- Optional polypropylene nitric acid compartment is also available.
- Dimensions: 31"w x 20"d x 36½"h

	LSSC8071

Nitric Acid Compartment for Acid Cabinet

- For safer chemical storage is made to accommodate nitric acid and isolate it within cabinet.
- Holds five 2.5-liter bottles
- Fits into the top half of either acid cabinet.

	LSSC7133

Wood Flammable Cabinet

- 54 Gallon Flammable Cabinet, 54 Gallon Capacity
- Floor Flammables Cabinets for safer chemical storage include 2 adjustable shelves
- Meets NFPA and OSHA standards.
- Wooden construction and UL listed.
- Dimensions: 43"w x 18"d x 44-3/4"h

CAT. NO	**LSSC1460**
DESCRIPTION	**Stak-a-Cab™ Acid**

- Stak-a-Cab™ Cabinets for safer chemical storage are constructed entirely of wood
- Can be stacked three high with optional floor stand.
- A safe solution for stockrooms and labs with space restrictions.
- For mounted applications, floor stand must be specified.
- Dimensions: 47"w x 18"d x 18"h

	LSSC1863

Stak-a-Cab™ Flammables, with self-closing doors

- Stak-a-Cab™ Cabinets for safer chemical storage are constructed entirely of wood
- Can be stacked three high with optional floor stand.
- A safe solution for stockrooms and labs with space restrictions.
- For mounted applications, floor stand must be specified.
- Dimensions: 47"w x 18"d x 18"h

	LSSC2063

Stak-a-Cab™ Combination Acid/Flammable Cabinet, with self-closing door on flammable side

- Stak-a-Cab™ Cabinets for safer chemical storage are constructed entirely of wood
- Can be stacked three high with optional floor stand.
- A safe solution for stockrooms and labs with space restrictions.
- For mounted applications, floor stand must be specified.
- Dimensions: 47"w x 18"d x 18"h

CAT. NO	**LSSC8023**
DESCRIPTION	**Bench Top Flammable Cabinet, with self-closing door**

- Benchtop Flammables Cabinets for safer chemical storage
- Ideal for small schools or science departments, such as biology, where small quantities of flammables are stored
- Dimensions: 16¾"w x 15¾"d x 21¼"h

	LSSC8063

Bench Top, Acid Cabinet

- Bench Top Acid Cabinet for safer chemical storage
- Ideal for biology storerooms, small schools with limited acid quantities and storage of corrosives you want to separate from principal acid storage
- Dimensions: 16¾"w x 15¾"d x 21¼"h

	LSSC6080

Bench Top, Poison Cabinet

- Bench Top Poison Cabinet is constructed of 1-inch exterior grade plywood and is finished with chemical resistance paint
- Includes one fixed-position shelf and heavy-duty lock
- Dimensions: 16¾"w x 15¾"d x 21¼"h

CiFLABSOLUTIONS

Lab Safety Equipment and Accessories

CAT. NO	**LSSE1034**
DESCRIPTION	**Fire Extinguisher**

- Lab Safety Dry Chemical Fire Extinguishers are your best choice for the science laboratory
- Treats most fire types and easy-to-operate

LSSE1082

First Aid Kit – 25 People

- Designed to meet OSHA and ANSI first aid requirements.
- Durable, steel box has a built-in handle and is wall mountable.

LSSE1083

First Aid Kit – 50 People

- Designed to meet OSHA and ANSI first aid requirements.
- Durable, steel box has a built-in handle and is wall mountable.

CAT. NO	**LSSE3006**
DESCRIPTION	**Fire Blanket Storage Cabinet**

- Blanket and Case
- Features a woolen blanket for smothering fires and for containing and controlling chemical spills
- Includes wall mounted metal case

LSSE3008

Fire Blanket Storage Cabinet

- Wall mounted metal case only

LSSE3007

Fire Blanket

- Blanket only
- Woolen blanket for smothering fires and for containing and controlling chemical spills

CAT. NO	**LSAP6448**
DESCRIPTION	**Spill Control Kit**

- Everything you need to handle most laboratory spill emergencies in one convenient location

LSSE1093

Goggle Sanitizers

- Designed to effectively clean googles in between uses
- UV-C Germicidal bulb emits very short ultraviolet wavelengths of light
- Studies have shown that UV-C light damages the DNA of bacteria, viruses, and other pathogens to prevent replication
- Stores multiple pairs of goggles or safety glasses
